February 21, 2010

Dear Parents & Guardians,

As we move towards the regular season, some SRN website pages are private. To see those pages, you will need to log into the SRN website. Among those pages are Game Schedules and Picture pages. Approval to become an SRN website user is contingent upon your child's "**current**" Player Registration and means you must register **once per year** (post "player" registration) as a new website user.

We appreciate your cooperation with this SRN Policy, designed to protect the privacy of our children and families.

Directions

1. See top of the home page click on "Register"
2. Create you own profile
3. If you change your e-mail after you become a user, do not forget to change your profile.

You will be approved directly as a user. However, website user registrations are reviewed and approved using the **e-mail parents provided on the Player Registration form**. If you have forgotten that e-mail contact information@srnll.org

"SRN Broadcast Messages" are sent by the BOD to our members using your website user profile e-mail. The Broadcast e-mails are for "SRN" use only and will notify you of an "urgent" change to an SRN Event or SRN notice that cannot wait for a communication from a Newsletter, BOD Member, Team Manager or Coach.

During your time with SRN; remember your Family & Player contact information comes from your child's player registration form and is organized into the SRN Database, our primary source of communication to you. If you change any contact information, don't forget to notify playeragent@srnll.org who manages the Player Database. **Important:** change to player information can only be done by the **Parent or Guardian** of a Player (*not by your Coach or Team Manager*).

If you have any further questions e-mail information@srnll.org

Friendly reminder, bookmark and always check the website www.srnll.org before any SRN Events, games or practices. The SRN website is updated daily including changes or cancellations.

Many Thanks!

Laura Mason 546-5107
League Information Officer
Executive BOD Member
